

SAID IN CYPRESS

By Newsy

About all we have to write about is what we read in the papers (apologies to the late Will Rogers) or what somebody tells us. It's pretty hard to gather news when you spend the greatest part of the time in another town.

But we have it straight from the horses' mouth, (Pat Arnold's that is,) that there is a manufacturing company going to occupy the building which was formerly the Cypress garage. And we glimpsed that crew haircut of Clyde Day's as we drove by the other afternoon. So, we've put two and two together. Maybe we'll get to see his wife once in awhile now. She was one of the best nurses we had when we were a patient in the hospital those many moons ago.

* * *

One of the funniest "funnies" pulled in a long time, we think, came from Jean Kreissler the other evening. As guests were admiring the lovely articles received by Baby Judy Ann Wedeking at the post-natal shower given by friends of her mothers, Jean was heard to make the sage remark that it was so nice to know whether you were buying for a boy or a girl. Jean's gift? A white rubberized sheet! That was news to an old maid that the fundamental principles requiring the use of a rubber sheet was confined to just one of the sexes. In fact, that ain't the way we heer'd it at all!

* * *

We'll probably have to leave out of the paper more news this week than we have in it. This is one of the heartbreaks of being an editor. But with the election getting so close the space must go for paid advertising, and with Buena Park's big Hometown Day celebration on Saturday and a special edition of the sister paper, the NEWS, the staff is going to be so pooped by Thursday they won't care if there is an Enterprise or not.

Two Day May Festival At St. Pius V Church

Beginning with a free dance on Saturday night to the music of the Debonares orchestra, the annual festival honoring "Our Lady of Fatima" will be held on the grounds of the church of St. Pius V, continuing all day Sunday and closing with another free dance on Sunday night.

High mass will be sung at 8:00 a.m. on May 25 by the choir, with special religious ceremonies honoring "Our Lady, Queen of the May." From 9:45 to 10:45 a.m. there will be a procession of beautiful multi-colored floats on which will ride lovely girls depicting "Our Queen of Our Country", "Our Queen of Peace" and "Our Lady of Fatima." There will also be marching units of the Knights of Columbus, Holy Name and Altar Societies, St. Catherine's Military band, Marywood High School girls and parishioners of St. Pius V.

May Fagundes, who was elected May Queen, will crown the beautiful statue of "Our Lady of Fatima" in the church following the procession.

Charming aides to the queen will be Margaret Bettencourt, Dolly Ormonde and Pamela Faulkner, daughters of Jack Bettencourt, 16926 Marquardt ave., Anthony Ormonde, Denni Road and Edward Faulkner, 9902 Western avenue, respectively. John Fagundes, 3555 Bloomfield ave., is father of the pretty queen.

From 11 a.m. to 8 p.m. a roast beef dinner will be served, with adults donating \$1.50 and children fifty cents. The cattlemen's committee sponsors this.

Kroesen Tells Own Story Of Chase That Netted Robber

A daring daylight hold-up attempt in Buena Park was foiled Monday morning by the quick action of Mrs. Elizabeth Evenson at Evenson's market, 6185 Manchester when she managed to scare off a man she identified as O. R. Mongillo, 29, as he tried to put his hand in the cash register.

Mongillo, is a Los Angeles television salesman who sheriff's deputies found has been at liberty on \$2500 bail on a Los Angeles narcotics charge. He is being held by the sheriff's office on two counts, burglary and assault with a deadly weapon.

Mrs. Evenson was alone in the store when Mongillo came in with a companion. He purchased a candy bar, giving Mrs. Evenson a one dollar bill. When she rang up the sale and closed the cash drawer, he asked for the bill back, saying he had the correct change. As the drawer was opened again, Mongillo tried to grab the money. Mrs. Evenson recognized the robbery attempt and hit his hand with her fist and called for help.

At this point, Dale Kroesen, former employee of this newspaper and now public relations director for Nutrilite Products, Inc., joined in the pursuit of Mongillo.

Several misleading accounts of the chase have been published, so Kroesen tells in his own words in the following paragraphs, exactly what happened:

Begins Chase

"I'm the type of person who, when he feels the urge to get some exercise, goes and lies down until the feeling passes.

"That's why I can't understand why I got mixed up in this thing at all. But it was Monday morning, and I wasn't thinking too clearly after an extra strenuous weekend, so when Mrs. Evenson came running out of the market screaming she had just been robbed, and to 'catch that man!' my foolish snap judgment told me to start running. I must have got my directions mixed up because I ran AFTER him, not away from him.

"When I looked in the direction Mrs. Evenson was pointing, I caught sight of a grey coat turning left at the end of the alley on Mission. My only thought was to keep him in sight, and with all the people in that neighborhood, I supposed we could easily corner him in a short time.

"We had gone a full block down Mission before he ducked between two houses on the south side of the street. I followed him across the garden in the backyard of one of the houses and a couple standing in the back door pointed to him going over their board fence. Then he scaled a wire fence which left him in the high weeds of the railroad right-of-way.

Easy to Jump?

"Remembering how easy it was

other entertainment will be open to the public Saturday evening and Sunday, directed by Mrs. Ida Smith. A white faced Hereford steer weighing between 800 and 1000 lbs. will be given away Sunday evening.

General chairman of the event is George Teixeira, 3600 S. Bloomfield, who states that everybody is welcome to attend the festival and have a good time.

HOLIDAY CLOSING

Cypress elementary school will be closed on Friday, May 30, for the Memorial Day holiday, according to Miss Elizabeth Dickerson, school superintendent.

Mrs. Ruth Pugh, postmaster, reminds patrons that the post office will also be closed all day on that Friday. The last outgoing mail will be Thursday evening at 5:15 until the next outgoing mail on Saturday morning at 7 o'clock.

The post office will be open for one half day Saturday, as usual until noon, Mrs. Pugh said.

Three New Members Join Rebekah Lodge

First initiation ever attempted by members of the Busy Bee Rebekah lodge since its institution in August, 1950, proved very successful, according to reports following the ceremony Tuesday evening.

New members initiated were Mrs. Dorothy Denney, Mrs. Lucille Hallmark, and Mrs. Anna Gravely. Pianist was Mrs. Adeline Patterson, and Mrs. Leona Paul was soloist. Indirect lighting added to the beauty of the rites.

Mrs. Anna McCoid and her committee served cake and coffee at the close of the evening.

CARS COLLIDE

J. Etta Bryant of Artesia was injured Saturday when a car in which she was riding with Eula G. Walsh, also of Artesia, collided with a car driven by Mrs. Len White of Cypress.

The accident took place at the corner of Lincoln ave. and Walker street in the late afternoon. Mrs. White, who is an employee in the post office, was not reported as hurt.

to clear a fence that height in my high school days with what is known as the 'scissor kick high jump'. I soon realized how long it has been since I was in high school. I hit the fence about three-quarters of the way up, but managed to grab the top and roll on over. I think it was then I lit on my shoulder, which has been aching ever since.

"I could still see him while I was dangling from the wire in the second fence, trying to get loose and when I finally was free, I saw he was just a few feet away in the ditch beside the tracks. He was stumbling on the rough ground, so I closed the distance between us easily and brought him to the ground with what some papers have dramatically called a flying tackle, but which more truthfully was a stumbling lunge. It was then I knew I had broken my glasses because I felt my head hit his hip with a dull thud.

Benefit Show Is Pleasing To Audience

An enthusiastic audience enjoyed the talent show presented in the school auditorium last Friday evening by the Busy Bee Rebekah lodge. An estimated \$40 profit will be turned over to the Cypress Volunteer Fire department to be used to purchase a rescue wagon for use of the department. The Rebekahs served homemade pie and cake with coffee in the utility room after the performance.

Students from the Sybil Ring and Val Moore dance studios in Anaheim participated, as well as those from the Bellflower conservatory of music. Pupils from Cypress were Dolly Hathcock, Judy Hambly, Mrs. Evie Junker and her daughter, Virginia Holt.

Pleasing his audience for the final number on the program was Nolan Blackman, high school soloist, who sang two numbers. Nolan is gaining a wide reputation for himself, having appeared several times on television. He was accompanied by Miss Gerry Alleman, pianist. A. E. "Pat" Arnold emceed the show.

Chamber Will Meet Monday Nights Again

A five month trial period of holding Cypress Chamber of Commerce meetings on Thursday nights ended in disfavor last week as the membership decided to change the time back to Monday nights.

Meetings will now be held once a month on the second Monday at 8 p.m. Next meeting will be June 9.

Discussion preceding the voting brought out the facts that attendance had declined rather than improved since the change, and it was more difficult to get publicity out concerning the meetings when they are held Thursdays.

White Gold Day

The 1952 White Gold Day was brought up, and it was decided to contact the park board, who has headed the annual celebration each year, to see if any plans have been made for this year. Last year's affair was a cooperative celebration put on by the park board, with each of the town's clubs participating and getting all the profits from the booths they sponsored. Several clubs have indicated their satisfaction with the arrangement, and also their willingness to participate again this year.

JOHNSON WINS IN SCHOOL TALLY

K. E. "Johnny" Johnson received a majority of votes to win the school board election over his opponent, James Broadbelt. Voters cast 257 ballots in the local contest.

Mr. and Mrs. Johnson and their daughter, Sharon, live at 5701 Saint Ann avenue. He is owner and operator of the Village market.

R. C. Cawthon, 8671 La Homa street, was re-elected to serve on the Anaheim Union High school board of trustees. He was unopposed on the ballot.

Give Square Dance To Aid Firemen Here

There'll be plenty of dancing fun Saturday night at the fire hall, beginning at nine o'clock. Proceeds from a square dance, sponsored by the Busy Bee Rebekah lodge, will be turned over to the firemen to help purchase a rescue wagon. Mrs. Earl Essex is general chairman.

Tickets may be purchased from Mrs. Essex, any member of the lodge, or at the door Saturday night. Cake, pie, sandwiches, coffee and soft drinks will be on sale all evening. Come early — stay late.

Elect Hubbard Group Prexy

At a meeting held in Buena Park Tuesday night, Glenn A. Hubbard, 8121 Miller road, was elected and seated as chairman of the Cypress-Magnolia farm center. The pot luck dinner meeting is a monthly affair. Kelsey Williams was retiring chairman.

Guests of Hubbard's, besides his wife, were her parents, Mr. and Mrs. R. C. Manker. Hubbard called upon his father-in-law, a retired minister, to pronounce the benediction following his acceptance speech.

EXPECT CROWD AT WESTMINSTER FOR IOOF PICNIC

Cypress IOOF Lodge expects to be well represented at Westminster park Sunday. Orange county Odd Fellows meet for their annual picnic then.

The park is about two blocks from the Odd Fellows hall and dinner will be at 1:30 p.m. Members will bring the food and the Westminster lodge will furnish coffee.

VFW AUXILIARY GET CITATIONS AT DISTRICT MEET

Plans for a "block party" were introduced at the meeting of the C. R. Rogers Memorial VFW auxiliary Monday evening. Mrs. Ray Lucas, ways and means chairman, said that the sheriff's office was being contacted for permission to use the street between the fire station and Lincoln ave., on the evening of July 19.

At an election, delegates were named to the department meeting to be held in June in San Diego. Elected were Mmes. Tom Demiris, J. E. Smith and Milam Williams. Alternates are Mmes. H. J. G. Kreissler, Ray Lucas and Frank Williams. Mrs. Lucas and Mrs. Don Wedeking were installed as new officers since they were unable to be present at formal installation ceremonies recently.

A report showed that the local unit received two citations at the district meeting held in San Clemente on Sunday. Mrs. Lucas accepted as chairman for the home fund, and Mrs. E. E. Goodman accepted the Press and Radio citation for Miss Beth Kroesen.

Mrs. Kreissler was elected and installed district chaplain and Mrs. Goodman was appointed and installed district assistant conductor.

Unruly Kids

A pen State College professor recently offered a couple of significant quotes about the younger generation which supports the contention that they're getting out of hand. First quote: "The children now love luxury. They have bad manners, contempt for authority. They show disrespect for elders, and love chatter in place of exercise. They no longer rise when elders enter the room. They contradict their parents, chatter before company, and tyrannize over their teachers." Second quote: "Our earth is degenerate in these latter days . . . children no longer obey their parents". The first came from Socrates, the second from an Egyptian priest about 4000 B.C.—Calif Commentator.

It has been said that if you don't stand for something you may fall for anything.

I RISE TO REMARK

By JOHN PHILLIPS

Several months ago, in one of these letters, I expressed a wish that I had time, and the facilities, to figure a comparison between the dollar values of, say 1945 and today. I wanted to translate some of the propaganda into comparable terms. I now rise to report that a committee has done it for me, the Minority Policy Committee of the Senate.

This may answer the often repeated claim that we are better off today than we were 6 or 7 years ago. Take bank deposits, for example: Bank deposits, per family, in 1945, averaged \$1,292; in 1951 they averaged \$1,333. Adjusting the dollar to correspond to its reduction in buying value, the 1951 figure becomes \$916. In dollars, we have more money in the banks; on a basis of what we use the dollars for, we are only three-quarters as well off. If you just want to look at a dollar bill, you're better off, but if you want to spend the dollar bill, it has lost a quarter of its value in 6 years.

The cash surrender value of life insurance averaged \$1,000 per family in 1945; and in 1951 it averaged \$1,242, but when we adjust the latter figure to buying value, it becomes \$853. We are worse off than in 1945.

U. S. Savings Bonds averaged \$1,285 per family in 1945, and in 1951 the figure shows as \$1,068, which is less to begin with, but adjusting the latter figure to buying values, it becomes \$734. In the same way, the value of government pension and trust funds, always a controversial subject, was \$722 per family, on the average, in 1945 and is shown as \$988 for 1951. Adjusted, the figure becomes \$679.

The committee commented: "While there was an increase in dollars, there was a decrease in what those dollars will buy. The richer we get in dollars, the poorer we are in goods and services."

My friend, Representative Walter Norblad of the 1st Oregon District, wrote to the Federal Security Administrator a few months ago, asking if all the research projects then being carried on by the FSA, to the extent of \$782,000 in this time of increased taxes and budget deficits, were absolutely necessary. He pointed out that research into the "Tolerance for environmental stress in aged and newborn sheep and goats," was taking \$19,000. "A Field Study of Children's Behavior," was given \$15,000. "An Analysis of the Peyote Cult as a Social Movement among the Navajo Indians," is undoubtedly an interesting study, but there is some question of the wisdom of spending

\$2,500 on it right now. "The Cultural and Psychiatric Factors in the Mental Health of the Hutterites," took \$7,500. Maybe they ought to study the psychiatric factors affecting the Congress. Who are the Hutterites, anyway?

"The Influence of Pre-adult Environment on Animal Behavior and Neuroses," was a little one, only \$1000. "An Empirical Study of Special Adjustment, Social Technique, and Personal Values," did a little better; it got \$8,000. It cost the taxpayers, \$7,000, "to demonstrate the inter-relationship between autonomic changes, emotion and certain cutaneous reactions in normal and pathologic skin."

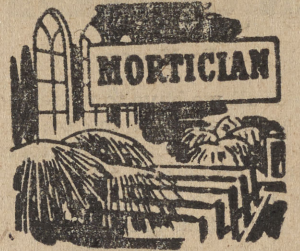

The two I particularly like are these: "Promotion of Marital Adjustment in Men and Women as an Aid to Good Mental Health," (\$17,000) and "Unconscious Factors governing Courtship and Mate-Selection," (\$12,000) — and what I like about the latter is the explanation of the professor carrying on the research project. He said he was "trying to uncover hidden traits that lovers don't know they have."

Old Mother Nature, spring, and the full moon, are getting an assist from Oscar Ewing, and the taxpayers.

Always an enthusiastic supporter of the present policies of the State Department (?), I now rise to call attention to the fact that this Department as usual, is right on the ball. It publishes a series of books called, "The Foreign Relations of the United States." Another volume has just been issued, on April 21st. This covers the year 1933!

The Issue

All candidates are against sin.

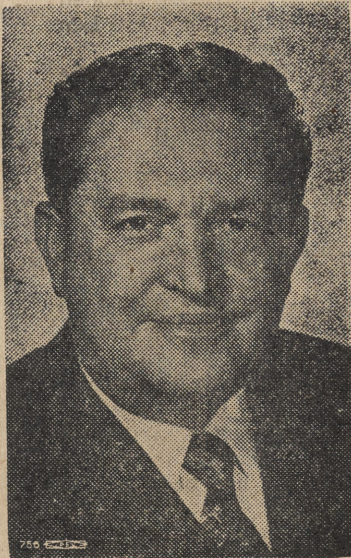

All candidates are honest, economical and efficient. Those are stock phrases of every political statement.

That leaves only one issue in this campaign for election of a State Senator. Which candidate can do the most for Orange county at Sacramento?

Any informed person knows the answer—Sam L. Collins, speaker of the Legislature for the last 12 sessions; member of the State Board of Public Works; member of the Board of Regents, University of California; vice-chairman of the Joint Interim Committee to study highways; member of the Joint Interim Committee on Agriculture.

That gives the answer clearly. Every informed person knows the advantage to Orange county of Sam Collins' high position in state government.

Which candidate can do the most? The question is already answered by Sam L. Collins' record of achievement.

Kroesen Tells Own Story

(Continued from Page 1)

"We rolled over a couple of times, and he tried to tell me something. I was concentrating on pinning his arms down, but couldn't find them. Then he made himself only too clear when he said, 'Let me up or I'll cut your face with this knife.' When I saw the blade not too far from my face, I made a split-second decision. After all, my face isn't much, but it could be worse.

"I let him up.

"The next fifteen minutes was rather dull. We were both so tired we could hardly move our feet. We jogged back and forth across the tracks, into people's back yards, over their fences, with me hollering every few steps, 'Help! He just

robbed a store! Call the police!"

"Several times he was cornered, but he just staggered at me with the knife and I gave him room to get out into the open again. My only two thoughts were to keep him in sight, and to lie down and get some rest.

We Converse

"Mongillo had a large selection of vulgar names for people whom he doesn't like, I found, and would occasionally tell me that I was chasing the wrong man. He was trying to catch the thief too.

"Once he found a car parked in a driveway, and I waited while he tried both doors but luckily found they were locked. I'd have been in a bad spot because, without my glasses, I'd have to get within a few inches of it to read the license plate.

"After several more fences and back yards, during which time I lost him but was put back on the track by housewives in doorways, we came to a nice, flat stretch of ground behind a house. Mongillo took about three steps and stumbled to the ground.

"He was on his face, and I could see the knife in his right hand, so I fell on top, with my knee on his wrist. A fellow whose name I didn't catch, came up at that point and relieved Mongillo of his weapon and helped me twist his left arm behind his back. Then an off-duty police officer from Santa Ana, John T. Flynn, came and took charge until the sheriff's deputies arrived.

No Beating Took Place

"Since one newspaper in particular stressed the claim in two stories, that I, 'beat him about the face and body', and had to be pulled off by Officer Flynn and others, and in a later article said that I, 'pounded him with fists', I wish to say that only ONE portion of those statements was true. That was the fact that they DID have to pull me off of him—because I was so pooped I couldn't get off by myself!

"I will also add at this point that if I had known several things before I started on the chase, I probably would have stayed with Mrs. Evenson at the market and watch him disappear down the alley.

"I didn't know, for instance, that Mongillo was out on bail on a narcotics charge, or that he had a knife, or that he is a former San Quentin convict!

I Got An Award

"As a final touch, I would like to tell of the 'award' the Nutrilite laboratory staff presented to me Tuesday morning at coffee time. A

clever congratulatory card was enclosed in an envelope with my name on it, with a tin U. S. Marshal's star attached. Mrs. Hilda Bittles had composed the following verse:

One never knows when one wakes up
Just what the day will hold
Like yesterday you caught a thief
Escaping with his gold.
You're a hero, we honor you
With this honorary star.
Now go out and catch a wife
And then see how bold you are.

Mrs. Mabelle Dyer returned this week after attending the annual "Monrovia Days" celebration in the town which pays tribute each year to her father, the late George Monroe, co-founder. Mrs. Dyer was guest-of-honor at the noon luncheon honoring "old-timers" and renewed many long-time acquaintances.

Christen Three Little Girls In Long Beach

In a ceremony held Sunday morning at Trinity Lutheran church in Long Beach, Frannice Joan, daughter of Mr. and Mrs. Oren Harvey of 5551 Danny avenue, was christened. In the same rites, little Susan Marie, daughter of Mr. and Mrs. Ted McCleu, and Mary Sharon, daughter of Mr. and Mrs. George Sonnenberg, were also christened.

Maternal grandparents of little Frannice live in Australia. Paternal grandparents of Susan Marie's, Mr. and Mrs. James Harvey, were present, as well as her great grandmother. A family breakfast was held in the home of the latter, who was well known here as Mrs. Gladys de Spain when they lived

here several years ago. Sonnenberg and Jim Harvey were associates in business here.

POLITICAL ADVERTISEMENT

Faulkner Says 1952 Just Like 1948

Edward Faulkner

On October 28, 1948, when Supervisor McFadden was campaigning for his present office, he placed a newspaper ad setting forth the duties of a Supervisor, and his own past record, which really was past. The other day he published the identical ad, word for word. His past record was still past. Not a thing had been added to it during his four years as a Supervisor.

On May 27, 1948, Mr. McFadden published an ad listing the major problems of the county as follows: 1—Critical water shortage. 2—Cost of county government increasing. 3—Sanitation system needed. 4—Highway development.

This year, Orange county's major problems are: 1—Water shortage not so critical, because of heavy rainfall, which Mr. McFadden may have caused; also because of annexation to MWD, which Mr. McFadden did not cause. 2—County cost of government still increasing. 3—Sanitation system still needed, but start made after long squabble, in which Mr. McFadden took part. 4—Highway and road development.

So, you see, the county's problems are just about the way they were when Mr. McFadden found them.

On May 20, 1948, Mr. McFadden's campaign ad promised that he would bring: 1—Stronger representation. 2—Better allocation of county funds, no subservience to other districts. 3—Action on critical water problem. 4—Reduction in county government costs. 5—By-passing of urban areas by truck traffic.

Well, let's see. 1—Stronger representation. It must have been terribly weak before. 2—Better allocation of county funds. Does that include flood control funds? No subservience to other districts. Does that mean scrapping with other Supervisors? 3—Action on critical water problem. What did he do? 4—Reduction in county government costs. Have you looked at your last tax bill? 5—By-passing of urban areas by truck traffic. Well, the urban areas have been by-passed, alright, but not by trucks. The whole Third district has been by-passed.

There is probably no more glaring example in county government, of promising the moon and then falling down completely.

McFadden handled flood control for the Supervisors the first two years of his term. A capable Supervisor would have obtained some action for his District. But a large portion of the Third district was at the mercy of floods last winter, and faces more ruinous flooding next winter. At Buena Park, the State allocated its share of funds to relieve conditions, but the county rejects the State proposal and refuses to act. No wonder Buena Park people threaten suit.

Now, Mr. McFadden tries to pass the buck to Supervisor Warner of the Second district, who took over

Honor Mother Of Baby Girl At Shower

When it was an established fact that Gary and Lyle Wedeking had a baby sister, their mother, Mrs. Don Wedeking, gave her consent to being guest of honor at a shower of feminine finery. And that is exactly what the party at the E. E. Goodman home, 8742 Cypress ave., turned out to be. Given by Mrs. Goodman and Mrs. Ray Lucas, friends gathered to bring packages containing gifts for tiny Judy Ann.

After suitable games were played and the packages opened, the hostess duo served a delicious supper.

Others present were Mmes Fred Hutchings, John Costa, Frank Buzzo, J. E. Smith, Charles Daniel, K. E. Johnson, Grady Isbell, Homer Lees, Castella Rogers, A. R. Muesse, Henry Muesse, Ruth Lockman, Bea Hahn, Ruth Pugh and Miss Beth Kroesen.

Out-of-town guests were Mrs. George Loney and her infant son of Norwalk and Mrs. Goodman's sister, Mrs. Howard Kopsho and two daughters of Lakewood. Sending gifts were Mrs. Milam Williams, Mrs. Wallace Frazier, Mrs. Frank Williams, Mrs. D. R. Canfield, Mrs. Charles Sanders, Mrs. John Coakley and members of the Rebekah lodge.

flood control from him.

The county has more than a million dollars in flood control funds, just lying there, while the Third district faces disaster because the Supervisors do not order the Loftus diversion, to protect Fullerton area, and control works along Carbon Creek which swamped Anaheim and the country west to Stanton and Cypress last winter.

Meanwhile this million dollars plus, idle in the treasury for years, has lost nearly half its purchasing power through inflation. Good business judgment would never have allowed this huge tax fund to liquidate itself. The money could have been spent on flood control when it would buy a full dollar's worth. Then, when later projects came along, they could be financed at a much cheaper interest rate by bond issue.

While on the subject, why is that pipeline under Prado Dam, which cost between \$300,000.00 and \$400,000.00, also lying idle and plugged, instead of being used for its purpose, salvaging water in Prado basin? The Third District is aroused about that too.

Why can't we have sound business and financial judgment in the Supervisor's office.

Why can't we have action?

Solution: Elect Faulkner.

Upper Grades Close School With Parties

Upper grade boys and girls are looking forward to a final fling for this school year at their canteen to be held Thursday evening, May 29 from seven to 10:30 p.m.

The affair will be in the form of an annual party, to which the sixth graders will be invited, since they will be seventh graders next year and eligible to attend.

On Friday evening, May 23, the sixth graders will have their own party from seven to nine p.m. Only sixth graders are invited to this one.

Both boys and girls won baseball games played by their teams from the local school when they played Laurel last week.

GOES TO NORTH AMERICAN

Murel R. Bouse, 8371 Gay st., has transferred from Douglas Aircraft Co. after 16 years as Chief Air Force inspector to the same job with a higher rating in North American Aviation, Inc.

He learned to fly in 1916 and has been a member of the Quiet Birdmen, pioneer pilots' organization, for 27 years.

Coordinating Council will meet Friday evening, May 23 at eight o'clock, according to Mrs. James Broadbelt, secretary. The meeting will take place at 5561 Vonnies Lane, the Broadbelts' home.

Merchants Win Softball Game

Cypress Merchants pushed across one run in the top of the eighth and then had to throttle a countersurge to defeat Anaheim Merchants, 2-1, Tuesday night at La Palma park.

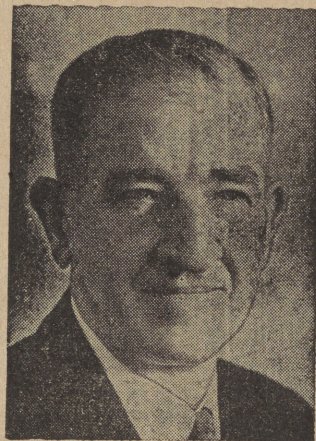

Anaheim gained a slender, 1-0 margin on Don Maxon's triple double in the third, but Cypress drew even in the fifth through a triple by Frankie Fernandes.

Fernandes also scored the winning run when he drew a walk in the eighth and moved into scoring position on a passed ball. After another walk, John Borgess drilled a hit to left to score Fernandes.

D. D. Campbell opened the bottom of the eighth with a triple to reawaken Anaheim hopes, but pit-

another nice thing about an all-electric kitchen...

it stays clean

Homemakers tell us that another thing they really like about electric kitchens is that electricity is the cleanest power known, as well as the most efficient. Take cooking, for instance—it's done with heat which is as clean as electric light.

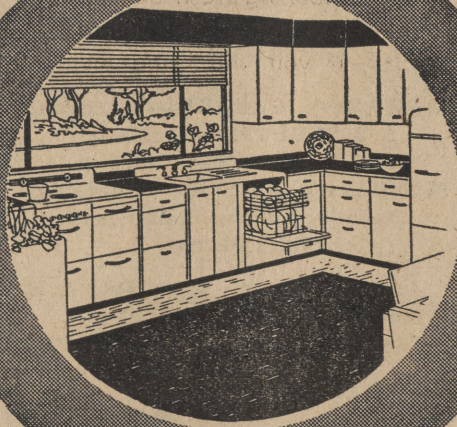

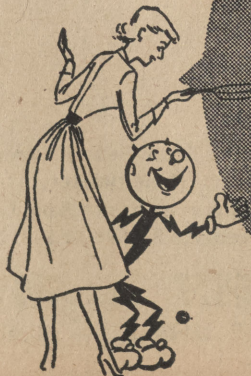

It's a pleasure to work—if you can call the electric way work!—where colors stay bright, curtains stay fresh, walls and ceilings need decorating less often and pots and pans seldom need scouring.

You'll like an all-electric kitchen, too. And if you install it in planned stages, you can complete it with no strain at all on your budget. See your electric dealer.

Special Speaker At Nazarenes

Dr. D. Shelby Corlett

Dr. D. Shelby Corlett will speak at 7:30 each evening at the Cypress church of the Nazarene, May 25 to June 4. Dr. Corlett, former pastor of the Anaheim Church of the Nazarene, will be in the community of Cypress for a ten day "Christian Crusade."

Dr. Corlett, a veteran of World War I, was for 12 years editor of the national publication of the Church of the Nazarene, the "Herald of Holiness." He has served his church as successful pastor, evangelist, convention speaker and author of more than 15 books.

Rev. W. D. Howard, Cypress pastor, urges the people of this community to hear the sane, accurate, and powerful messages of this man who has won thousands to Christ. His first message will be brought at the 11 o'clock worship hour, Sunday morning, May 25.

Pvt. Leo Ronconi is here with home folks, after being in Korea since last July. He has until June 8, and hopes to be discharged in October for good. His family reports he spends most of his time at the beach, which probably accounts for our not having seen him around.

Contender from Cypress elementary school in the VFW sponsored marble tourney, Taka Tanaka, was defeated in last Saturday's district bout at Fullerton. Taka did a good job for his school by going to the district. Joe Patino of Thermal was winner.

TO DISTRICT MEET

Several members of the C. R. Rogers Memorial VFW post and auxiliary attended the meeting of groups in the second district at San Clemente on Sunday.

Going from Cypress were Mr. and Mrs. Ray E. Lucas, Mr. and Mrs. H. J. G. Kreissler, Mr. and Mrs. E. E. Goodman, Mrs. J. E. Smith, Mrs. Tom Demiris, Frank Buzzo and Lee Shear.

Mr. and Mrs. L. W. Shott and daughter, Carol Ann, have moved into Cypress cottages. The family lived in Santa Ana long enough for the 11-year old to start to school there. They were formerly from Minnesota.

"Miracle Drug" say SURIN Users

Pains of Arthritis, Rheumatism, Neuritis, Lumbago, Bursitis.*

Relief Can Start In Minutes

There's no internal dosing with SURIN. Nothing to swallow and wait anxiously for relief. You simply apply SURIN right at the point of pain and blessed relief starts as penetration beneath the skin gets under way. Of course there's a reason for this wonder-working new external fast pain relief medicine.

It's methacholine, a recent chemical born of research in a great laboratory. It acts speedily to aid penetration of SURIN's pain-quelling ingredients. Methacholine also causes deeper, longer-lasting pain relief and increased speed-up of local blood supply.

Tested on chronic rheumatics in large university hospital it brought fast relief to 73% patients and in home-for-the-aged 77%. Totally different from old-fashioned rubs and liniments, modern SURIN brings faster relief, longer without burning or blistering; without unpleasant odor or grease. Simply smooth on SURIN at the point of pain and feel pain ease in minutes. Money-back at your drug store if SURIN doesn't relieve muscle pain faster and better than anything you've ever used. A generous jar costs \$1.25. *SURIN is not a cure for any of these conditions.

Visitors in the Frank M. Davis home at 9031 Watson street on a recent Sunday were his daughter and two grandsons, Mrs. Evelyn Moore and Jimmy and Tommy of Covina.

Mrs. Blanche Klamroth, mother of Mrs. Clyde Arnold, fractured her hip recently while showing some garden flowers in the yard of their home to her sister. She is recovering satisfactorily.

Mr. and Mrs. Robert Hoyt and two children are moving back to Cypress from Orcutt by the 15th of June. Mrs. Hoyt is the former Patty Arnold, daughter of Mr. and Mrs. A. E. Arnold.

Mr. and Mrs. Chas. Colvin returned last week from a two weeks' visit with their son and family, the R. E. Colvins in El Centro. The temperature was somewhat warmer than Charlie is used to, he said.

Parents of Mrs. Grady Isbell, Mr. and Mrs. J. J. Rowe, left for Montgomery, Alabama, after spending several months here. Their son, James Rowe, was transferred from the west coast to a base in Florida.
